- Supervisory board leadership
- Operational leadership
- Management–board collaboration
- Corporate governance
- Business transformation
- Risk management
- Go-to-market strategy
- Private equity
- Commercial leadership
- Leadership development
- Health and safety

BOARD AND SUPERVISORY EXPERIENCE

Chair of the Supervisory Board

A private equity-backed industrial portfolio

- Chaired the supervisory board within a private equity-backed environment.
- Supported the turnaround of a group of companies across several countries and their subsequent sale.
- Provided board-level oversight of transformation and value-creation priorities.

Board Member

A private equity-backed specialist manufacturer

- Served on the board under its first private equity owner and continued after its sale to a second investor.
- Supported the next phase of strategy, focused on buy-and-build, including the first acquisitions.

Chair of the Supervisory Board

A private equity-backed producer | Current

- Chairs the supervisory board through a significant growth and expansion phase.
- Supports an ambition to more than double earnings through organic growth, buy-and-build and international expansion.

Advisory roles

Privately owned and private equity-backed businesses | Current

- Advises several businesses on growth, business development, transformation, leadership and succession.

EXECUTIVE CAREER

Executive Vice President, Business Division | Member, Group Leadership Team
An international materials group

- Senior executive leadership of a multi-company division, following a long career in industrial operations, transformation and growth.

Chief Executive Officer
A family-founded manufacturing group | More than a decade

- Led a period of substantial commercial and organisational growth, multiplying turnover many times over through buy-and-build and organic growth.
- Completed the sale of the company to a strategic buyer in a significant transaction.

Independent Advisor to Private Equity Investors
Independent advisory practice

- Supported private equity transactions and opportunities, including a notably successful investment exit, applying commercial and operational experience to investment decisions.

Commercial Director | Division Director | Group Executive Committee Member
A multinational industrial group | More than two decades

- Held overall responsibility for dozens of European companies, with turnover above one billion euros and thousands of employees.
- Managed complex operations across multiple European markets, combining commercial leadership with broad operational and strategic responsibility.

BOARD AND LEADERSHIP VALUE

Governance and oversight — Experienced chair and board member in private equity-backed governance, strategic oversight and shareholder engagement.

Growth and transformation — A record of leading businesses through significant growth and change.

M&A and buy-and-build — Experienced in acquisition-led growth and integration.

Leadership and succession — Active in recruitment, leadership development and succession planning, including direct engagement with employee representatives.

Responsible business — A consistent focus on compliance, sustainability, ESG, and health and safety.
